

REMARKS

Claims 1, 3-21, 63 and 65-72 were pending in this application. After entry of the amendments herein, claims 1, 3-21, 63 and 65-72 will be pending in this application. No claims have been canceled. Claims 1 and 18 have been amended to correct minor typographical errors. No new matter has been added.

Claims 1 and 3-21 have been objected to because of minor issues of informalities in claims 1 and 18. Claim 1 has been amended to remove the semicolon after the term heteroaryl and replace it with a comma as suggested by the Examiner. Claim 18 has also been amended to add a period at the end of the chemical structures at the end of the claim as suggested by the Examiner. Also, Examiner Habte indicated in the teleconference on May 15, 2006 that Applicants can identify claim 18 in present response as "currently amended", in reference to the March 17, 2006 response, as claim 18 in that response does not have a period.

Applicants respectfully assert that the claims are now in condition for allowance, and earnestly request early reconsideration and allowance of all pending claims. The examiner is requested to contact the undersigned attorney if an interview, telephonic or personal, would facilitate allowance of the claims.
